

Adobe Captivate Training Courses

Sydney, Melbourne, Brisbane and Online

Adobe Captivate Advanced | Course Overview

COURSE DESCRIPTION

City Desktop's Advanced Captivate course follows on from the 2 day Essentials Captivate course. It empowers current Captivate users to improve their production skills by incorporating higher-end features such as project templates, responsive layouts, custom styles, system variables, advanced actions, branching and uploading projects to a Learning Management System.

Adobe Captivate's advanced features include: Enhanced object effects and multistate objects, SCORM and XAPI compliance ensures Captivate projects can be uploaded and scored correctly by your LMS, Improved responsive design options helps you to create eLearning content which can be viewed seamlessly across devices, Advanced quizzing and question pools allows for enhanced assessments and interactivity.

At City Desktop Training – an Adobe Authorised Training Centre, participants receive a Adobe endorsed Certificate upon course completion.

WHAT YOU WILL LEARN

- Custom Styles, Branching & Aggregating
- Question Pools
- Accessible eLearning
- Variables and Widgets
- Master Slides and Project Templates
- Reporting Results & LMS
- Actions and Conditional Actions
