

Adobe Premiere Pro Training Courses Sydney, Melbourne, Brisbane & Online

Premiere Pro Advanced | Course Overview

COURSE DESCRIPTION

Take your skills to the next level in this two day Advanced Premiere Pro Course.

Topics include advanced editing techniques, replacement of clips, nesting, linking, captions, markers, new advanced features and more. Advanced colour correction and audio techniques are covered in detail, along with dynamic linking to programs like After Effects and Audition to achieve high-level industry outcomes. You will also learn best practices for optimising your workflows, file management and problem solving.

This course will fully equip you to harness the advanced features of Premiere Pro, delivered by **industry experts** using real-world examples.

Our instructors are **Adobe Certified**, industry experienced and passionate about training! Especially with Premiere Pro, we recommend using the latest version - **CC2023**, as the latest features utilise techniques and workflows not available in earlier versions.

As an Adobe Authorised Training Centre – participants receive upon course completion a Certificate recognised by Adobe.

PREREQUISITES

Students should have either completed the **Premiere Pro Essentials** course or have equivalent experience.

A Premiere Pro assessment is available if you are unsure of your user level - please email us at info@cd.com.au to receive one.
